

EnergyNotes

FOR YOUR BUSINESS

Tap into the new FPL mobile app

Take us on-the-go this storm season by downloading the new FPL mobile app to your smartphone. With just a tap of your fingerprint, you'll have instant, secure access to up to five of your accounts.

Features include:

Outage information

- » Report or check status of a power outage
- » Track restoration progress
- » Receive outage status alerts

Energy use information

- » View your projected monthly bill amount
- » Track your current, daily and monthly energy use
- » See how much you're spending a day on energy costs

Alerts & Reminders

- » Quickly view, download and pay your bill
- » Receive alerts before your bill is due
- » Receive reminders of scheduled appointments

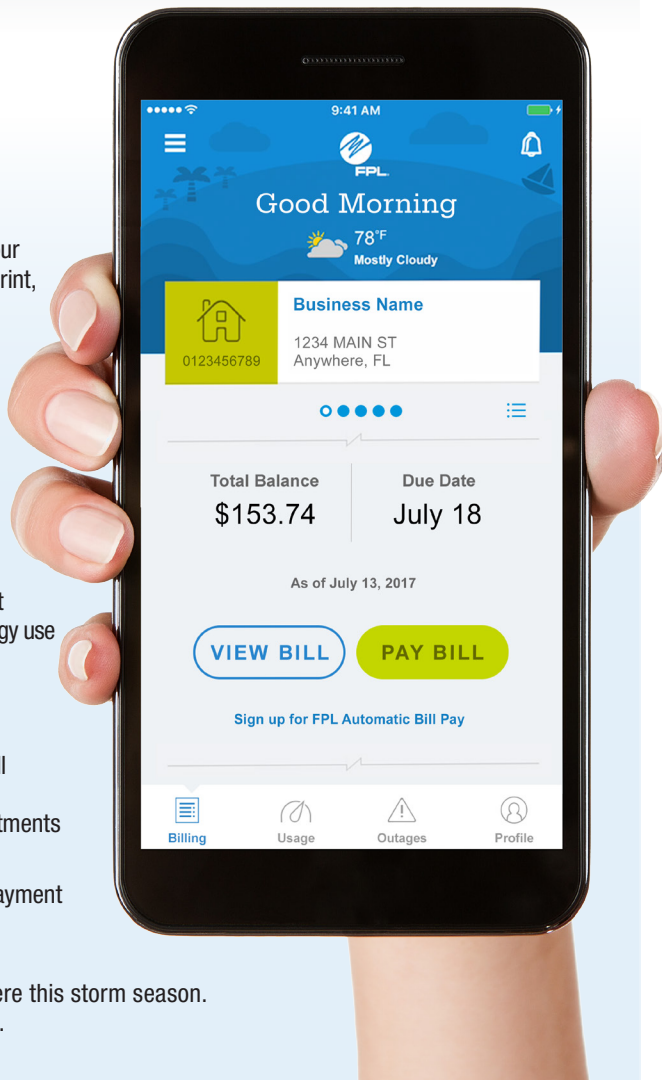

Account Management

- » View your real-time account balance, payment due date, balance details
- » Manage your saved payment methods

Stay connected with us anytime, anywhere this storm season.

Download the new FPL mobile app today.

FPL fuels new Brightline trains with clean biodiesel

At FPL, we're always challenging ourselves to create a better tomorrow, like using cleaner fuel in all of our vehicles to reduce emissions. And, when Brightline's new trains begin running this summer, they'll be using a high-quality, custom biodiesel blend from us to power their locomotive engines.

See how we're working with Brightline for a cleaner energy future:

Keep your business and employees safe this storm season

Hurricanes and severe weather are an inevitable part of working in Florida. At FPL, we have a plan for whatever Mother Nature throws our way. We urge you to have a plan, as well, so you and your employees can get back to business safely and as quickly as possible this storm season. Ensure your employees' contact information is up-to-date, you have reviewed your insurance coverage, and the phone number and email address on your FPL account is updated. Remember to always pay attention to instructions from public officials and the media. For more safety tips, visit: [» FPL.com/storm](http://FPL.com/storm)

The power of the sun

With FPL SolarNow™, we're taking our state's very own sunshine, turning it into clean solar energy and bringing it closer to you. From parking canopies and solar trees to walkways and more, these solar energy projects are part of our communities, providing shade and generating emissions-free energy we can all use. With your support, we can bring even more solar energy projects to our local communities. See more:

All submissions must be received by July 15, 2017.

See official rules for details.

Storm charge adjustment

A routine adjustment to the storm charge portion of your bill takes effect this month. Adjusted up and down periodically during the year with Florida Public Service Commission approval, this charge helps pay for previous hurricane restoration costs and replenish the reserve for future storms. Effective June 1, the storm charge rate will change from \$1.67 to \$1.76 per 1,500 kWh for small, non-demand business customers. View information about your rates: [» FPL.com/rates](http://FPL.com/rates)

Drive electric and save

Electric vehicles are cleaner and can be more affordable than gas-powered cars. Learn about special manufacturer offers available to you.

Be on the lookout for scams

Beware of phone scammers calling threatening to shut off your business' power unless immediate payment is made. We will never call and demand credit card information as payment.
